**Minutes of the meeting**

Following members attended the meeting of IQAC held on 23<sup>rd</sup> August 2021 at 3:30 p.m. in Principal's office. The minutes of the meeting are as follows:

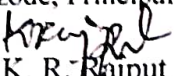

1. Dr. K. R. Rajput, IQAC coordinator, along with other members including the president of IQAC committee congratulated Dr. P.A. Khanzode on being selected and appointed the full time and regular principal of college. The Coordinator placed the minutes of previous meeting before the committee and the committee members confirmed the minutes unanimously.

2. Dr. S. G. Pund and Prof. Homraj Patelpaik opened the discussion on outcomes of online teaching as the IQAC Coordinator Dr. Rajput had read the second point on agenda. The online mode of teaching for students was introduced to cope with an unprecedented emergency situation created by the spread of Corona virus pandemic and lockdown. Dr. S. G. Pund observed that the introduction of online teaching was a blessing in disguise because it provided students and teachers with a new and additional mode of teaching and learning. Dr. P. A. Khanzode endorsed Dr. Pund's view and added that the physical absence of students in college would not hamper the process of teaching and learning. Prof. H. B. Patelpaik, of course, struck a note of dissent and opined that the online mode of education could not be a substitute for offline mode of teaching. Be that as it may, the discussion on online mode of education yielded the following positive outcomes.

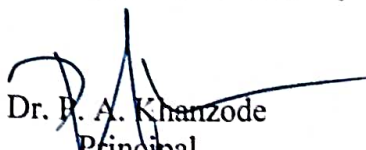

- 1) Those who could not attend classes physically availed themselves of online classes.
- 2) The propagation of knowledge through online mode became possible.
- 3) Everybody could have an access to education easily through online mode.

3. The discussion was held on the use of digital modes of education as Dr. Rajput took up the third point of agenda. Shri. M. G. Bhujade and Shri. Vijay Upadhye talked about various digital modes of education which include digital teaching boards, white boards with market pens and projectors. Dr. K.R. Rajput and Dr. P.A. Khanzode appreciated and accepted the suggestion with possible inclusion of digital modes of teaching. Dr. P.A. Khanzode expressed delight at the institution's success in inducting all students into whatsapp groups. In addition to that, the principal made it mandatory for all college teachers to use **GOOGLE CLASSROOMS, ZOOM MEETING** and few more digital modes to make the teaching – learning process smooth, student-friendly and easily accessible.

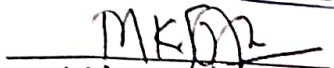

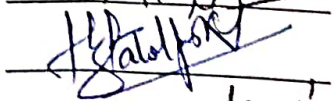

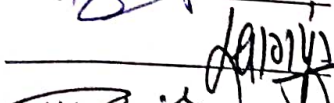

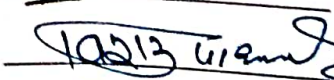

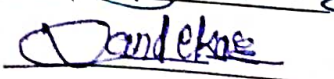

4. Since all important issues were discussed in detail, the meeting was concluded with a vote of thanks by Dr. P. A. Khanzode, Principal.
